Subject: Uber

I do not live in South Carolina but have used Uber while staying in South Carolina and have had wonderful experiences. From a safety perspective I feel much safer in an Uber and the fares are reasonable compared to taxis. The decision is quite disappointing and makes no sense from a consumer perspective given that Uber has far EXCEEDED all requirements.

Hi,

I am writing to voice my displeasure with the recent decision regarding Uber. I sincerely hope this matter can be resolved quickly. I am a frequent user of Uber and have not once had a bad experience or felt unsafe. The same cannot be said for taxis in SC. Please fix this.

Respectfully,

Benjamin Hagood

Subject: Uber in SC

Dear Sirs,

I am in favor of allowing Uber to operate in our state. I have used Uber in several states and have found their service to be excellent in every case and far superior to traditional taxis.

Uber is/has:

- 1) Reasonably priced
- 2) Very responsive and timely
- 3) Cleanly vehicles
- 4) Courteous drivers

Uber also uses technology as its strategic advantage. Why do we want to rely on the status quo service that has used the same methods for decades?

I urge you to allow Uber to operate in SC.

Sincerely,
Mark Mussman

Subject: Uber

State of SC,

This State needs Uber. It is 100 times more reliable than the systems in place now. I will continue to use Uber as I please and support the rights of the drivers and company. I feel safer, they come when called, and they get me where I need to be easily and cheaply.

Charleston area taxis should be worried, they provide a subpar service at a ridiculous cost. Not to mention attempting to ride CARTA which is useless and takes an hour to go 10 miles.

Matthew Graves
